

EDI Student Survey 2024: College Prize Draw Terms and Conditions

Below are the terms and conditions for the College Prize Draw, which applies to Durham University's **Equality, Diversity and Inclusion (EDI) Student Survey**.

- Only students registered at Durham University during the survey's running period are eligible to enter.
- There can only be one entry per student. If a student has opted to enter the prize draw through the separate online form (a link for which will be available at the end of the survey, contact details will be requested), they will be entered into the draw, **subject to their college receiving the highest response rate.**
- Students who no longer wish to be entered in the prize draw should contact edi.team@durham.ac.uk.
- **There will be four winning students (from the college receiving the highest survey response rate). Only one of the four Amazon gift cards worth £25 will be issued per winning student.** The value of the gift card will be mentioned in the survey and survey invitations. No cash alternative can be given.
- The four winners will be selected using an online random number generator on the date of the prize draw. The prize draw will take place no later than two weeks after the survey has closed.
- The winning students will be notified by email (using their Durham University email address) within 7 days of the prize draw.
- If a student has not responded to the email after 6 weeks, the prize draw will be revoked and another winner will be selected using an online random number generator.
- The winning college and students will be announced on the EDI webpage and social media accounts (subject to the winners' consent). The prize draw will be administered by the University's EDI team.
- Personal data will be processed in line with the University's [Privacy Notice for Students](#).
