

Dear student,

We are delighted to confirm that the application process for the Global Citizenship Programme 2024-25 is now open!

The Global Citizenship Programme (GCP) and Scholarships were established to build a strong academic community and scholarly programme at Ustinov College; to foster critical literacy, intercultural communication and interdisciplinarity; and to provide a space for ongoing exploration of global citizenship in theory and practice. The GCP offers leadership roles and scholarship opportunities for full-time postgraduate students, who can advance their research through community engagement and acquire a set of transferable skills both for academic and non-academic fields. Successful applicants will organise a range of academic, social, and cultural events and projects, including seminars and discussion groups, research forums, development sessions and academic conferences.

For 2024-25, the GCP will have a new structure to previous years; we are seeking to appoint four scholars who will work together as part of a multi-disciplinary team to create and deliver events under the following core projects:

Core GCP projects:

- Café Scientifique
- Café Politique
- Café des Arts
- Ustinov Intercultural Forum (UIF)
- Northeast Local History
- SUCCESS (Careers and Employability)

Volunteering activities in college

We are seeking to appoint two further positions for scholars who will focus on organising and delivering volunteering activities in the College.

The minimum expectation would be two volunteering events to be delivered each term.

Media, Editorial and Photographic positions

- One £3000 scholarship is available for a communication and media role. The scope of this will include media, social media, marketing, and communications. Applicants must be dedicated, enthusiastic, good communicators, and have demonstrable experience with content creation and design to be used for marketing our events throughout the year
- One £4000 scholarship is available for the position of Editor of The Ustinovian and Pantomath. The Ustinovian is the College Magazine and is published three times every year. Pantomath is the College's scholarly journal and is published once a year, in the summer. This is a substantial position and requires a dedicated and enthusiastic applicant who will be expected to recruit volunteers to assist with content creation and design.

- One £3,000 scholarship is available for a GCP photographer who will be expected to attend GCP events, ensure good quality photography is available for college promotional purposes, and contribute to The Ustinovian. The successful applicant will need to demonstrate experience in photography and/or film and media as part of their application. There is an expectation that the photographer will be present at as many GCP events as possible throughout the year, to some extent, to ensure good quality imagery is available.

As a combined GCP team of nine, the team will also deliver the Ustinov Annual Conference (held in June every year) and will offer support with the Ustinov Art Exhibition (typically held in the summer each year). Each GCP scholar will receive a £3000 scholarship for their contribution to the GCP across the full academic year.

Find out more.

For full details of available roles and responsibilities, scholarship details, eligibility criteria, and the GCP application process itself, please visit [Global Citizenship Programme & Scholarship - Durham University](#) where our new 2024-25 brochure is available.

The application process will close on **Friday 16 August 2024** so don't delay; apply now!

We look forward to hearing from you!

Best wishes, Sophie

Sophie Holland-Francis
