More information	Still have questions? (www.durham.ac.uk/study/askus/)
Department(s) Website	www.durham.ac.uk/business

Course Summary

Description

Our BA Economics concentrates on the fundamental theories and techniques to help you build a successful career in this competitive field. Taking in historic and current, domestic and international perspectives, you'll develop an in-depth understanding of the subject at all levels.

Year 1

In the first year, in addition to the compulsory modules of Principles of Economics, Economic Methods, and The World Economy, you choose three further optional modules from a selection that currently includes:

- Accounting and Finance in Business
- Introduction to Environmental Economics
- Introduction to the History of Economic Thought
- A module chosen from another department, which could include a foreign language.

Year 2

In the second year, you study three compulsory modules investigating Macroeconomics, Microeconomics and Economic Data Analysis, and choose three optional modules from a selection that currently includes:

- Behavioural and Experimental Economics
- Business Competition
- Corporate Finance
- Economics of Social Policy
- European Economics
- Intermediate Methods for Economics and Finance
- One module from another department, which could include a foreign language.

Year 3

In an increasingly globalised world, a period of international study is a major benefit and can help you to stand out in a crowded job market. Most of our economics degrees offer you the option of spending your third year studying abroad at one of our international partner universities. This is an opportunity to develop foreign language skills, experience another country and learn about its culture.

Opportunities for study abroad are currently available in Australia, Canada, Chile, China/Hong Kong, Colombia, Czech Republic, Denmark, France, Germany, Italy, Japan, The Netherlands, New Zealand, Norway, Poland, Singapore, South Korea, Spain, Sweden and USA. Funding opportunities may be available through scholarships offered by the host institution, the British Council and/or other funding bodies.

See more at www.durham.ac.uk/international/studyabroad/

The offer of a place on a 'study abroad' degree does not imply that Durham University Business School

guarantees to place the student with one of its partner institutions, nor a partner of the student's choice. All study abroad programmes are subject to approval by the Business School. Some partner relationships have restricted access and so are not available to all students. The Business School, in association with the University, will assist students in applying for a study abroad place, but it is the responsibility of the student to apply for such a place, and the right of the Business School/University to allocate students to available places as it deems best. In the event that a student is unable to obtain a study abroad place, transfer to the equivalent 'non-study abroad' programme is guaranteed provided the student is eligible to transfer on academic grounds. In line with Home Office rules, students from outside the EU will transfer onto the 'with study abroad' programme only once they have successfully secured a place abroad (normally at the end of their second year of study). Therefore due to visa requirements, we recommend that international students interested in the study abroad year as part of their degree apply for this programme when making their application to us via UCAS.

The Study Abroad year fees are set annually by the University. For the definitive amount of the Study Abroad year fees payable please contact our business.ug.studyabroad@durham.ac.uk.

Year 4

In the fourth year, you study a compulsory double module in which you write a Dissertation. In addition, you study four optional modules from a selection that currently includes:

- Advanced Macroeconomic Theory
- Advanced Microeconomic Theory
- Applied Econometrics
- Development Economics
- Environmental Economics and Policy
- History of Economic Thought
- Industrial Organisation
- International Economics
- Labour Economics
- Monetary Economics
- Public Economics
- Security Investment Analysis
- Game Theory and Applications
- Post-Keynesian Economics
- One module from another department, which could include a foreign language

We review course structures and core content (in light of e.g. external and student feedback) every year, and will publish finalised core requirements for 2019 entry from September 2018.

Placement Year

You may be able to take a work placement. Find out more (www.durham.ac.uk/placements/).

Admissions Process

Subject requirements, level and grade

In addition to satisfying the University's general entry requirements, please note:

- For all Single and Joint Honours degrees involving Economics, including Philosophy, Politics and Economics, we require you to obtain a Grade A at A Level Mathematics or its equivalent. For students taking the IB we are happy to accept either Higher Level grade 6 or Standard Level grade 7 in Mathematics.
- Applicants are encouraged to avoid studying both Economics and Business Studies A2-levels
- We do not accept Advanced Higher Statistics as a substitute for AH Mathematics. If you are taking both of these subjects at this level then a further Advanced Higher is necessary
- If you are studying for the IB Diploma please note that we do not accept Mathematical Studies at standard level instead of standard level Mathematics
- We welcome applications from those with other qualifications equivalent to our standard entry requirements and from mature students with non-standard qualifications or who may have had a break in their study. Please contact our Admissions Manager
- You are not required to have A Level Economics though for anyone taking this subject this will form part of the offer made to you
- We do not include General Studies or Critical Thinking as part of our offer
- Typical IB score 38 to include 666 in higher level subjects. Higher level subject requirements, see above
- If you do not satisfy our general entry requirements, the Foundation Centre offers multidisciplinary programmes to prepare you for a range of specified degree programmes
- We are willing to consider applications for deferred entry from those who have well-structured plans for work or travel, for example. We may, however, need to restrict the number of deferred entry offers we make because we have to be careful not to fill too many of next year's places in advance. However, if you do apply for a deferred place and are unsuccessful, you are welcome to reapply the following year.

Science A Levels

Applicants taking Science A Levels that include a practical component will be required to take and pass this as a condition of entry. This applies only to applicants sitting A Levels with an English examination board.

English Language requirements

Please check requirements for your subject and level of study (www.durham.ac.uk/learningandteaching.handbook/1/3/3/)

How to apply

www.durham.ac.uk/undergraduate/apply

Information relevant to your country

www.durham.ac.uk/international/country.information/

Fees and Funding

Full Time Fees

EU Student	£9,250.00 per year
Home Student	£9,250.00 per year
Island Student	£9,250.00 per year
International non-EU Student	£21,500.00 per year

The tuition fees shown for **home and EU** students are for one complete academic year of full time study and are set according to the academic year of entry. Fees for subsequent years of your course may rise in line with an inflationary uplift as determined by the government.

The tuition fees shown for **overseas** students are for one complete academic year of full time study, are set according to the academic year of entry, and remain the same throughout the duration of the programme for that cohort (**unless otherwise stated**).

Please also check costs for colleges and accommodation (www.durham.ac.uk/undergraduate/accommodation/costs/).

Career Opportunities

Business School (School of Economics, Finance and Business)

"A degree from Durham University truly opens up windows of opportunity, I managed to secure a Graduate Accounts position with an international marketing company prior to graduation."

Claudine Andrew BA (Hons) Accounting & Finance

Of those students that left in 2017:

- 84% are in employment or further study

Of those in employment:

- 98% are in graduate-level employment
- Median salary £29,500

(Source: Destinations of Leavers from Higher Education (DLHE) survey of 2016/17 graduates. The DLHE survey asks leavers from higher education what they are doing six months after graduation. Full definitions for the DLHE Record can be found here: www.hesa.ac.uk/support/definitions/destinations)

Employment development opportunities

The Careers, Employability and Enterprise Centre (www.durham.ac.uk/careers/) works closely with the Undergraduate Business Department to ensure that students receive information, advice and vacancies relevant to their needs. A Careers Adviser delivers talks focused on ensuring that students receive the most relevant and up to date advice about professions that are of interest to students in the department.

A wide range of work is carried out in conjunction with the Careers, Employability and Enterprise Centre (www.durham.ac.uk/careers/) to develop students' employability skills, including presentations/workshops on CVs, applications, assessment centres, interviews, commercial awareness, leadership, etc.

Many recruiters of Durham Undergraduate Business School students attend careers fairs and run presentations on campus, including: Ernst & Young, KPMG, Deloitte, PWC, Rolls Royce, Lloyds TSB, Unilever, Procter &

Gamble, IBM, Accenture, to name a few. Professional bodies like CIM (Chartered Institute of Marketing) and CIMA (Chartered Institute of Management Accountants) also attend events on campus.

"We have had a number of students from the Undergraduate Business School join our Summer Internship Programme who have made a real impact due to their enthusiasm and strong interpersonal skills. These candidates have then gone on to join in Graduate roles."

Neil McGuire, Graduate Recruitment, Ernst & Young

Examples of career destination:

- Finance/Accountancy/Associate/Deloitte

Of those students that left in 2017:

- 93% are in employment or further study

Of those in employment:

- 100% are in graduate-level employment
- Median salary £27,000

(Source: Destinations of Leavers from Higher Education (DLHE) survey of 2016/17 graduates. The DLHE survey asks leavers from higher education what they are doing six months after graduation. Full definitions for the DLHE Record can be found here: www.hesa.ac.uk/support/definitions/destinations)

A significant number of students progress on to higher level study following their degree; notably at Durham, but also at other prestigious institutions. Some remain within their academic field and pursue higher level research,

others take a different role and pursue professional postgraduate programmes, including teaching, law, accountancy, marketing and mathematics.

Open days and visits

Pre-application open day

Pre-application open days are the best way to discover all you need to know about Durham University. With representatives from all relevant academic and support service departments, and opportunities to explore college options, the open days provide our prospective undergraduates with the full experience of Durham University.

Please see the following page for further details and information on how to book a place:
www.durham.ac.uk/opendays

Discover Durham Tours

Discover Durham tours offer a brief introduction to the University. The tour begins at one of our undergraduate colleges, where you will receive an introductory talk from a member of college staff, followed by a tour of the college by current students.

Department Information

Business School (School of Economics, Finance and Business)

Overview

Economics is a multi-faceted discipline – let Durham University guide you to the top.

Our Economics degrees will provide you with a solid grasp of economic theory, applied economics and statistical techniques. They are an ideal preparation for employment in all areas of graduate work and our qualifications are highly successful in creating job opportunities.

You will be taught at Durham University Business School, one of the longest established business schools in the UK, in state-of-the-art facilities. The School is also one of an elite group of institutions in the UK to be accredited by all three major business accreditation bodies – the Association to Advance Collegiate Schools of Business (AACSB), the Association of MBAs (AMBA) and the European Quality Improvement System (EQUIS). This achievement is a testament to the quality of the School and provides the extra assurance that Durham University Business School and its programmes have been rigorously tested and proven to be of the high-quality demanded by today's professionals.

Rankings

- In the top 10 in *The Guardian University Guide 2016*.
7th in *The Complete University Guide 2016*.

Staff

For a current list of staff, please see the Business School web pages (www.dur.ac.uk/business/about/our-people/).

Facilities

The University Library has an excellent collection of economics books, journals and original source material and your college library may also have a good selection of important texts. You will have access to a range of networked PCs and a wide selection of standard software packages, as well as your own email address.

You will also use duo – Durham's virtual learning environment – an integrated online solution to manage and improve your learning. duo offers not only facilities to structure learning content (web pages, lecture notes, interactive applications, audio and video clips), but also provides student management, communication and assessment tools.
