

perhaps I ought to be more worried than I am.

Are we right in thinking that we cannot take any steps to register as a charity until we are recognised, and that this will affect our finances? It does not quite fit in my mind with the knowledge that a new Branch has a probationary period of a year. So we have to wait until the probationary year is over before we can register?

I hope this letter is sufficiently coherent. If it falls short the fault is mine, not the Committee's.

Yours sincerely,

Kaye Diggle.
