Discover

You can find information and key resources at: www.durham.ac.uk/library/philosophy

Start with Discover.

discover.durham.ac.uk

Search for resources such as books, e-books and journals. Note down the shelfmarks of books or journals, then find them on the shelves.

If all copies of a book are unavailable, you can reserve one online or use Discover to look for an electronic copy. The Library subscribes to over 300,000 e-books, databases and e-journals, directly available through Discover 24 hours a day, on-site and off-site. Browse databases, such as JSTOR, FirstSearch, and the Philosopher’s Index. Simply follow the links on Discover, and if prompted, enter your Durham University username and password.

DUO (Durham University Online) provides access to Durham’s online learning environment, including Discover and your reading lists. Follow the links from your reading list to find resources recommended by your lecturers.
