

Horsing Around: finish the drawing

Can you finish drawing this clay horse figurine for us? When it was found in the River Tees, the only part the archaeologists could rescue was its bum so we need you to help us by imagining what the whole thing looks like. Be as creative as you like!

Extra challenge: put these labels next to the correct part of the horse. Watch out for the trick words!

Mane

Fin

Hoof

Tail

Scales

Eyes

Wings

Ears

Antenna
