More about Sofia...

Sofia was inspired by her **grandfather's** collection of old **Indian matchboxes** that often had pictures of brightly coloured animals and objects that ignited her imagination as a child.

From erupting volcanoes and fierce tigers to bicycles. She has explored these again as an adult and loves the way they show **places** and **people** with detailed patterns, decoration and precious objects inside.

This is Sofia! Sofia is an artist who lives in Newcastle upon Tyne.
